Mix and mingle with murder mystery characters as they drop clues between scenes. You could solve the murder and win a prize!

A note from the director...

As a little girl I was obsessed with Barbie dolls, and clearly the release of the recent movie sparked something in me. I had the idea to create a show of my own based on my favorite childhood toy when my friend, Alara, shared her new song with me, "What's Not to Like?". I was so inspired by the lyrics of her song that I asked her if I could use for my show. Alara was a great help to me when it came to developing the character of Bobbi and I am very grateful for her input and insight.

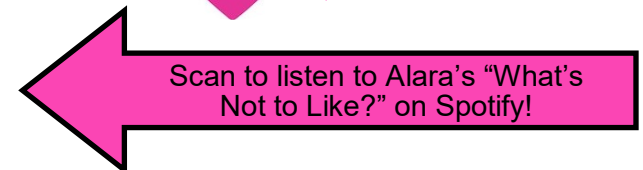

Along the way my daughter, Pandora (Dorie), my mother, Gail, and my son's girlfriend (my stage manager), Lillyth all became sounding boards as I outlined the first draft of the script. They encouraged and advised me, sharing in my joy along the way. I appreciate you being my best friends, biggest supporters, and true inspiration for this very special project.

In many ways Bobbi represents parts of myself, and probably a lot of other women. She struggles with self esteem and knowing her value, yet is the first to reach out and encourage those around her when they are in need. As women and mothers, I think it is often second nature to put out own needs aside for those we love. This is a story of finding your self worth and learning to uplift each other along the way. It's about believing in yourself. It's about inner beauty and friendship regardless of age, gender, shape, color, or size. It's about asking yourself, "What's Not To Like?" and realizing the answer is "nothing!".

The dolls in this cast have captured every special moment that I wanted to represent in "Oh, You Beautiful Doll". Their commitment to this production and their true friendships behind the scenes shines through beautifully. I am blessed with each and every cast and crew member, and I thank them from the bottom of my heart for all the hard work they put in to make my dream show a reality.

I hope you enjoy watching "Oh, You Beautiful Doll" as much as we enjoy performing it for you! I hope you relive childhood memories as we go through the generations with Bobbi & Kent. I hope you laugh, tap your feet, clap your hands, sing along, and maybe even wipe a tear!

♥ *Cyndie Klorer*
